

(8) Number of fixed transmitters and number of mobile units;

(9) Operating frequency;

(10) Output power of the transmitter;

(11) Type of emission;

(12) Description of antenna, including height above ground and power gain;

(13) Statement of eligibility for a radio service or radio pool under this part.

(c) Requests for special temporary authority to operate as a private mobile radio service provider for periods exceeding 180 days require evidence of frequency coordination. Requests for shorter periods do not require coordination and, if granted will be authorized on a secondary, non-interference basis.

(d) A request for special temporary authority to operate a commercial mobile radio facility under this part may be granted without being listed in a Public Notice, or prior to thirty (30) days after such listing, if:

(1) The STA is to be valid for thirty (30) days or less and the applicant does not plan to file an application for regular authorization of the subject operation;

(2) The STA is to be valid for sixty (60) days or less, pending the filing of an application for regular authorization of the subject operation;

(3) The STA is to allow interim operation to facilitate completion of authorized construction or to provide substantially the same service as previously authorized; or

(4) The STA is made upon a finding that there are extraordinary circumstances requiring operation in the public interest and that delay in the institution of such service would seriously prejudice the public interest.

(e) The Commission may grant STAs to operate a commercial mobile radio facility for a period not to exceed one hundred eighty (180) days under the provisions of Section 309(f) of the Communications Act of 1934, as amended, 47 U.S.C. 309(f), if extraordinary circumstances so require, and pending the filing of an application for regular operation. The Commission may grant extensions for an additional period of up to one hundred eighty (180) days, but the applicant must show that ex-

traordinary circumstances warrant such an extension.

§ 90.147 Mailing address furnished by licensee.

Each application shall set forth and each licensee shall furnish the Commission with an address in the United States to be used by the Commission in serving documents or directing correspondence to that licensee. Unless any licensee advises the Commission to the contrary, the address contained in the licensee's most recent application will be used by the Commission for this purpose.

§ 90.149 License term.

(a) Licenses for stations authorized under this part will be issued for a term not to exceed five (5) years from the date of the original issuance, modification, or renewal, except that the license term for stations licensed as commercial mobile radio service on 220–222 MHz, 929–930 MHz paging, Industrial/Business Pool, and SMR frequencies shall be ten (10) years. Licensees shall have an additional thirty (30) days after the expiration of the license term to apply for reinstatement of expired licenses.

(b) If no application for reinstatement has been filed as specified in this part, the authorization shall be deemed to have been automatically cancelled on the date specified on the authorization.

(c) Authorizations for stations engaged in developmental operation under subpart Q of this part will be issued upon a temporary basis for a specific period of time, but in no event to extend beyond 1 year from date of original issuance, modification or renewal.

(d) Nationwide authorizations under subpart T of this part will be issued for a term not to exceed ten years from the date of the original issuance, modification or renewal.
